

SansWrite Version 6

System Requirements

Client Software

- PC with Pentium-class processor (Tablet PC with 1+Ghz recommended)
- LCD with Digitizer or Touchscreen
- Microsoft Windows XP or higher (Windows 7 recommended)
- 1 GB of RAM
- 1 GB of available hard-disk space
- CD-ROM drive
- Windows XP for Tablet PC or Windows 7 operating system required for handwriting recognition and voice dictation
- Network Interface Card
- Adobe Acrobat Reader for viewing PDFs

Middleware

- Server with Pentium-class processor (dual processor recommended)
- 512 MB of RAM (1 GB Recommended) for Middleware Service
- 512 MB of RAM for each Concurrent Process
- 5 GB of hard disk required for installation (10 GB available hard disk space recommended)
- CD-ROM drive
- VGA or higher resolution monitor
- Microsoft Windows 2003 Server (Microsoft Windows 2008 Server recommended)
- .NET Framework 2.0
- MDAC 2.7
- Network Interface Card
- TCP/IP port open for communication with Client and Service Manager (Configurable)
- Internet Connection

Web Portal

- Server with Pentium-class processor (dual processor recommended)
- 512 MB of RAM (1 GB recommended)
- 1 GB of available hard-disk space
- CD-ROM drive
- VGA or higher resolution monitor
- Microsoft Windows 2003 Server (Microsoft Windows 2008 Server recommended)
- .NET Framework 2.0
- MDAC 2.7
- IIS 5.0 or higher (Version 6.0 recommended)
- Microsoft Internet Explorer 5.01 or higher
- Network Interface Card
- Internet Connection

Please Note: The Middleware and Web Portal can reside on the same physical server; however, the server must be configured with a dual processor for optimum performance.

The above listed system requirements represent the minimum requirements for SansWrite Version 6.0 Enterprise Edition. In addition, several recommendations are included to assist with maximizing performance. System requirements may vary based on the overall system configuration. It is recommended that MAP Software conduct a technology review and a needs assessment prior to the implementation of the SansWrite Middleware and Web Portal.
